Chester, PA 19013

Dear Dr. Hannum,

I am writing to express my appreciation for your office's participation in the 2010 7<sup>th</sup> Congressional District Healthy Families Resources Fair.

I have received overwhelmingly positive feedback about the fair which helped several hundred community members connect with over 80 organizations. That your organization attended this event on a weekend morning is a testament to your commitment to serve the people of this region. Your efforts are essential and appreciated more than ever during this time of significant change in our healthcare system, and continuing economic stress for so many families.

Please pass my appreciation to Judith Yu for her efforts. I look forward to our continued collaboration. If I may be of assistance to you in the future, please feel free to contact me through my District Representative, Laura Ness, at [laura.ness@mail.house.gov](mailto:laura.ness@mail.house.gov) or by phone at 610-892-8623.

Sincerely,

  
Joe Sestak  
Member of Congress
